

THE SDA SLICE

The 7th & 8th grade students had a field trip to the National Trench Museum Recycling Center. There, they witnessed how recycling plastic can transform into a Gecko keychain. Our students were quite fascinated with this process and saw first hand how important it is to recycle in order to preserve our environment. While on their field trip they also went over a lecture learning invaluable information from it. See page 2 to see how engaged they were during their trip.

Chapel Takeover

ELEMENTARY

General Assembly

We are happy to invite everyone to join us at **8:30am - 9:30am.**

Bible Verse

"Every good gift and every perfect gift, comes from above."

James 1:17

The adventurous 7th and 8th graders embarking on their epic field trip!

Another cool activity done during the science class of our 5th and 6th graders. They dissected a pig's heart and made labels for the parts. Hey kids, did you get to ask Mr. Mercado where he got it from?

It's so much fun with Mr. G! Our students during their Physical education class are having fun playing tag and beach ball Soccer. P.E. is not just about fun however, it's also about learning how to improve coordination, endurance, and teamwork. Enjoy and don't forget to drink water kids!

Here's our Toddlers enjoying their breakfast. They had scrambled egg, pancake, fruits and juice served today! As they eat by themselves, they are learning how to become independent bit by bit. Good job kiddos!

Our preschool students are learning the shape of a triangle with their teacher Ms. Charrie. Here they are in the picture gluing the shapes together to create a triangle man. Through this activity they are learning how to listen for directions as well as learning to be independent. Nice work!

Our Pre-kinder students starts their day with worship songs. Here they are following along with the music as well as dancing to the video. It's just one of the ways our students get to warm up while having fun. Guess their most requested song. It is, DEEP CRIES OUT by Bethel Music Kids

REMINDER:
 To keep our students safe and sound, we kindly ask that all parents pick up their little ones at the exit gate. We request that students refrain from wandering to their cars unaccompanied.
