

# THE SDA SLICE

Fun science experiments for the week with Mr. Mercado! The left picture shows our 5th & 6th grade students making instant candles. In the center picture, we have the 1st and 2nd grade students exploring the pig's heart after watching a video about the human heart. The right picture shows our students analyzing different densities of solutions.

## Bible Verse

**All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness.  
2 Timothy 3 : 16**

Our song service this morning was lead by our students in 5th to 8th Grade class.

The 5th & 6th Grade class enjoying their STEM basic electronics concepts. They are connecting basic electronic components to see how they work.

Little ones giggling and having a blast with "Rob the Nest" during Kindergarten PE class!

This week, the Preschool Science class focused on learning how heat changes things when applied.

Our Toddlers are so focused in listening to their Bible Story of the week entitled, "Daniel in the Lions' Den."

Crafting a blissful habitat: Puzzle-making with 3rd and 4th Grade champs!

The 7th and 8th grade students are doing a visualization artwork about the Agricultural Revolution.

The Pre-Kinder class are doing an interactive science activity by observing the reaction of food coloring to different water temperatures.

## REMINDER:

Kindly collect your student at the front gate during the dismissal.
